

# A FATHER'S LESSONS FOR A GOOD LIFE

~ VISHAL KHANDELWAL ~

① The PRESENT moment is all you have to create your life.

② PEOPLE would  
occupy a large  
part of your life.  
Choose them  
carefully.

③ There are  
No mistakes,  
only lessons!

④ PATIENCE is  
a virtue. Your  
miracle may take  
a long time.  
Learn to WAIT.

⑤ There are few joys that equal a good BOOK, a good WALK, a good HUG, or a good FRIEND.

⑥ Be GRATEFUL  
... everyday.  
No matter what.

⑦ Never COMPARE  
your life to others!  
You have no idea  
what their journey  
is about.

③ Know what to  
AVOID, and  
avoid it.

⑨ FAMILY is not  
an important  
thing. It is  
**EVERYTHING.**

⑩ Do work  
you LOVE. Life  
is short to do  
anything else.

⑪ School YOURSELF.  
Self-education  
is a super-power.

⑫ Live with an  
INNER scorecard.  
Don't let others  
decide what you  
are all about.

⑬ Avoid DEBT  
and Live within  
your means.

⑭ Greatest  
WEALTH is  
good HEALTH.

⑮ EVERY DAY,  
do something Foolish,  
something Creative,  
and something Generous.
